

**This is our moment.  
The moment we have all been  
working and waiting for.  
The moment to change  
the course of history.**

Dear Fellow Democrat,

We have worked so hard over the years, to gain equal footing on the political spectrum, and we are at an incredible moment in time where all forces are working in our favor.

- ★ We have a National Republican party imploding, local Republican candidates running away from their party affiliation.
- ★ We have an infrastructure, built over the last few years, with energized and effective committee persons, zone leaders, district leaders and precinct volunteers, all working together towards a common goal.
- ★ **We have a full slate of incredible, qualified, hard working, energized candidates, ready to take on the opposition.**
- ★ And we have a track record of local wins, with State Senator Andy Dinniman and Barbara McIlvaine Smith, proving that we can achieve our goals, if we set our minds to it.

***The forces are in line, and now we need to broaden our efforts.*** We need to engage others, who for various reasons are sitting on the fence, watching and waiting for change to occur. We need them to join with us, and we need them to invest in the future of Chester County. We need you to reach out to them and make the case for why they should get engaged. Our candidates have the political will to win, and now they need the resources to help them do just that.

***This will be the first time in history that the Democrats will hold the majority in Chester County. Our County Commissioner candidates,*** Bill Scott and Kathi Cozzone, need to raise a substantial amount of money to win this race. We have a full slate of qualified candidates, who will also need to raise a significant amount of money, just to produce literature, signs and make sure they get their message out to the voters.

***Our candidates cannot do this alone! They need our help!***

Please take the attached flyer for the "Let's Swing This County Blue" candidate fundraiser, make copies, and spread them around to everyone you know. Please go to the [www.2CDC.org](http://www.2CDC.org) website and download the flyer and print off more copies, and give to others to pass out to their friends. We need people to attend this event, and not just the usual folks. We need to reach out to friends, neighbors, co-workers, church members, etc, and ask them to share the burden. We are asking you to send out the link to the flyer, on the [www.2CDC.org](http://www.2CDC.org) website, and send it to your personal e-mail list. We need you to go beyond your comfort zone and push a little harder to make this opportunity a reality.

**The net proceeds from this event will go exclusively to the candidates.**

We will divide the profits between all the countywide races, giving Bill & Kathi 50% and the remaining 50% divided equally to all the other County races.

We hope you will work with us, to share this experience, and make this the most successful fundraiser and Election in Chester County Democratic history.
